

In United States Patent and Trademark Office

“Renewed Petition to withdraw the holding of abandonment under 37 CFR 1.181”

Application No. 10/830,194

Filed: April 22, 2004

Applicant: Jaime Ramiro Carrillo

Examiner: David J. Parsley

Dear Sir:

Applicant respectfully petitions to withdraw the holding of abandonment of my application referred above.

I apologize for not including the list items in the express mail label. This is my first patent application and I Am an individual inventor doing the process “per se”. Respectfully I ask any help you can bring me in order to continue with my patent process. Which I am willing to learn up to perfection.

At the present moment in the wrapped file appear a electronic copy of all the documents I sent as response to the office action.

Is my great interest to contribute mankind and the United States with this invention which one of the final purpose is to help to control global warming.

Sincerely

Jaime Ramiro Carrillo
